Carolyn

Please find attached the Residential Vapor Intrusion Investigation Work Plan for the residential property Ex. 6 Personal Privacy (PP) located in Franklin, IN. We will begin coordinating the work activities once we receive approval of the attached work plan. As you are aware, this may not be the exact work scope moving forward if any additional residential structures require a VI investigation but we wanted to get this moving as quickly as possible.

Please do not hesitate to contact me with questions or if you need anything else regarding this submittal.

Sincerely,
